What is Realistic Mathematics Education?

Welcome to the ICRME

The mission of the International Consortium for Realistic Mathematics Education (ICRME) is to nurture a global network of collaborating researchers, teachers & developers who are interested in improving mathematics education using principles of Realistic Mathematics Education.

RME Principles

- *Activity*
- *Reality*
- *Intertwinement*
- *Level*
- *Interactivity*
- *Guided Reinvention*

“Local Instructional Theories”

Talk in pairs:

- What are the big positives for you?
- Any negatives/issues?
- What are you going to do in short and medium term based on experience?
- Ideas for setting up a network for ongoing communication, sharing of resources, etc.?
- How do we collaborate across the Caribbean?

Local Teachers

- Are you an RME teacher?

Future conferences:

- Thoughts about where?
- Thoughts about content?

Special Thanks

- RME6 program committee
- RME6 proposal review panel
- Sponsors
- Frank & Kiva

Thank You!

**For your contributions and engagement
as presenters and participants**

For promoting math as a human activity

Never doubt that a small group of thoughtful, committed, citizens can change the world.

Indeed, it is the only thing that ever has.
